THIS IS A LEHIGH VALLEY HEALTH NETWORK INTERNAL PUBLICATION ABOUT HAZLETON

Quality Recognition

Lehigh Valley Hospital (LVH)—Hazleton has been awarded *Primary Stroke Certification* from the **Healthcare Facilities Accreditation Program (HFAP)** as the result of a recent deficiency-free stroke center survey.

“This certification signifies that LVH-Hazleton has demonstrated and is clearly committed to providing excellent stroke care to its patients,” says Josh Prober, HFAP’s Chief Executive Officer.

In commenting on this quality recognition, LVH-Hazleton president John Fletcher says, “We are proud to achieve this prestigious award. Our staff has worked tirelessly to achieve this certification and it reflects our dedication to excellent patient care and service.

“In awarding us *Primary Stroke Certification*, HFAP has provided us with the opportunity to celebrate the exceptional stroke care we provide to our patients and our commitment to the well-being of our community and surrounding communities.”

Congratulations to all on this commendable achievement!
