## Parking Violations to Be Strictly Enforced

BY ADMIN - JUNE 26, 2017

This email is from James Geiger, LVH–Muhlenberg President, and Bill Kent, Lehigh Valley Hospital President.

Dear Colleagues,

LVHN implemented a new staff parking policy in 2016 due to concerns voiced by our patients regarding insufficient/inconvenient parking. While the new policy was intended to provide our colleagues with clear guidance on parking options that preserved patient parking to the maximum extent possible, our security staff is witnessing an ever-increasing number of colleagues who are still parking in designated patient parking areas. To that point, over 1,400 parking tickets have been issued since January 2016, with some staff members receiving multiple violations.

Accordingly, we're updating the enforcement aspects of a revised Parking Management Plan that will go into effect July 1, 2017. Please note the following changes specific to LVH–17<sup>th</sup> Street, LVH–Cedar Crest, LVH–Muhlenberg, LVHN–Tilghman and proximal locations where outpatient care is provided (such as medical office buildings):

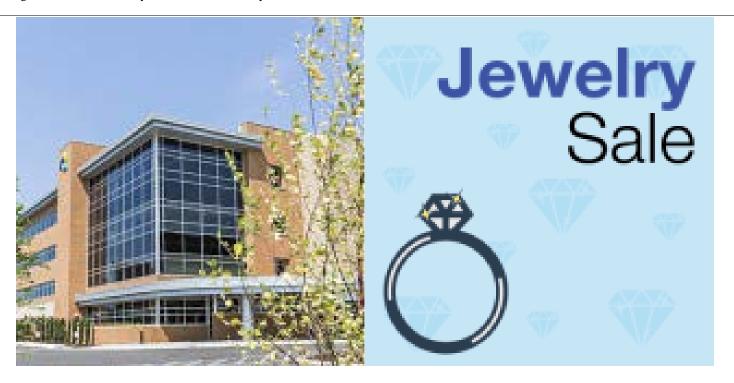

Two-hour parking for visiting colleagues: Two-hour parking in the LVH–Cedar Crest West (H) deck will be limited to leaders who are required to travel site to site multiple times per day. A hang tag will be distributed to these colleagues and the two-hour provision will be strictly enforced. Two-hour parking at the outer edge of the LVH–Muhlenberg main

- parking lot is now available as well to leaders visiting that campus, and the same enforcement rules apply. Hang tags will be distributed on a case-by-case basis and can be requested by calling 610-402-7700.
- Effective July 1, 2017, parking violations will result in disciplinary actions as detailed in the updated policy. Please note: The first violation will result in a parking ticket and warning notice. The second violation will result in a ticket, application of a vehicle immobilizing "boot" or windshield obstruction device ("Barnacle"), and issue of a final warning. A third violation will result in a ticket plus a *Notice of Termination from LVHN employment*.

 Special events and meetings: For pre-planned special events and meetings, please call the Security Parking Hotline at 610-402-7700 so parking needs can be planned effectively.

All LVHN colleagues are starting with a clean "no parking ticket history" slate as of July 1, 2017. We're seeking your cooperation and assistance in adhering to the updated LVHN Parking Management Plan so that we can avoid issuing any colleague parking tickets going forward. To report any parking violations or concerns, please call the Security Parking Hotline at 610-402-7700 and leave a message. If your call is of an urgent nature, please call 610-402-5555.

## Jump In and Float

BY JENN FISHER - JUNE 30, 2017

Asking staff to float to anther unit is one of the ways we are managing the delicate balance of patient care staffing. Those who "float" on a regular basis meet new people and bring a fresh set of eyes to whatever situation is occurring on the floor. If you are a non-float pool staff member and you are floated to another unit to assist with staffing, we have an extra bonus for you: An additional \$2 per hour compensation for days and an additional \$4 per hour for nights. This incentive will last for about three months, from June 18 to Sept. 9.

## Who is eligible for this float incentive?

- Non-float pool staff
- Colleagues on the Sensation program, if they are floated off of their home unit

Current float pool staff, inclusive of specialty float pool staff

## **Nurse hiring updates**

We have a few updates regarding nurse hiring.

Med-Surg and Women & Children's interns

We were successful in moving some of the Med-Surg and Women & Children's interns to an earlier start date of July 3 instead of July 31, providing you with extra support in those areas several weeks earlier than originally expected.

## Continuing to streamline RN application process

Starting next week, a new process with nurse interviewers will be implemented for the screening and interviewing of external RN applicants. Also, if you look at specific RN job listings on the LVHN careers site, LVHN.org/careers, the quick apply option is now "live" when you click "Apply Now." I believe it will help to speed application time and help us move candidates through the interview and assessment process more rapidly. (Note—the quick apply option is limited to certain RN postings.)

## Med-Surg sign-on bonus increased

The sign-on bonus for Med-Surg nurses has increased to \$10,000. We are also working to finalize an incentivized per diem rate for RNs. At last count, we had seven traveling nurses and anticipate six more in the coming weeks.

Remember to encourage nurses to apply here. We are a great place to work thanks to you.

## Thank you, and you, and you!

We are making incremental progress on staffing. In the meantime, please accept my heartfelt thanks for continuing to work above our budgeted ratios while at the same time providing professional and compassionate care to our patients. You are exceptional nurses!

Thank you for believing in LVHN. Because of you, we continue to recruit qualified nurses. Also, thank you for helping precept our new staff members. At LVHN, we focus on the patient first, and in spite of challenges, you do it with grace.

As a nurse, it makes me proud to know such dedicated nurses.

Kim

Lini Sordan

About me: My name is Kim Jordan, DNP, RN, and I am Senior Vice President and Chief Nursing Officer at LVHN. I came to LVHN 15 years ago as director of the open-heart and transitional open-heart units. I consider it an honor and a privilege to lead our outstanding nursing colleagues.

## Protect Your Personal Information

BY ADMIN - JUNE 30, 2017

This message is from Lynn Turner, LVHN Senior Vice President and Chief Human Resources Officer, and Ron Sanchies, VALIC Vice President of Group Management Division.

Recently, an unauthorized individual who was in possession of personal information attempted to access the retirement accounts of three colleagues. They were unsuccessful because of the diligence of the affected colleagues and because of the security measures VALIC, the company that manages LVHN's retirement plans, has in place.

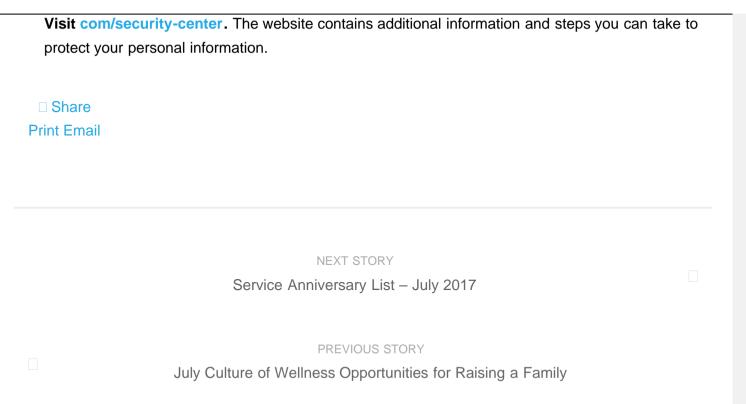

Keeping your financial and other personal information protected is a priority at VALIC. This recent situation shows you can rest assured your accounts with VALIC are safe. It also shows why it's important for you to take steps to protect your accounts. This tip sheet from VALIC explains steps you can take – such as creating an online account and creating unique passwords and PIN numbers – to help protect your personal information.

VALIC also provides additional resources to keep you protected. This is what you should do to take advantage of these resources:

- Check the mailing address on your account. This ensures you receive all information about your account in your home mail.
- Read the VALIC letters you receive in your home mail. When a change is made to your account, you'll receive a letter that confirms the change. Make sure you authorized the change.
- Attend an upcoming seminar. VALIC is hosting seminars to teach colleagues about ways to keep their information safe. Check the seminar dates, times, locations and now.
- Talk with your VALIC advisor. Call the advisor at your site if you suspect identity theft or if you
  have any questions about your account. Here's a list of advisors' phone numbers.

## Terry's Take: Creating a Better Patient and Colleague Experience

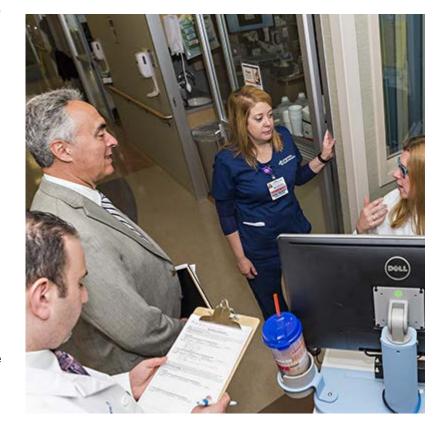

BY TERRY CAPUANO - JUNE 26, 2017

Colleagues on our hospital campuses often see opportunities to improve the patient and colleague experience before anyone else. When you share your unique perspective, everyone benefits. That's why leaders throughout the health network are more visible than ever – asking questions, sharing news and getting your thoughts about what's working and what areas need improvement.

Over the past several months, presidents of our hospital campuses and LVPG communicated important news and listened to what's on your mind during Town Hall meetings. More recently, Kim Jordan, DNP, our Senior Vice President and Chief Nursing Officer, also held Town Halls at LVH–Cedar Crest to reach nursing colleagues. Town Halls are a great way for leaders to share news with you. They're also a way for you to share your challenges.

PRIDE Rounding is another way we're keeping our ear to the ground by talking to colleagues and patients to learn where we are excelling and where we can do better. While rounding at LVH–Cedar Crest, we heard how proud you are of

our teamwork, patient care and your fellow colleagues. Patients said they most appreciate the great care they received from LVHN, our nurses and staff.

#### Putting feedback to work

Leaders are busy using your feedback to resolve issues and respond to your concerns. Here are some

of the things we heard during Town Halls and PRIDE Rounding, and what we're doing to make things better:

What's on your mind: Staffing and retention at LVH-Cedar Crest

**Response:** We streamlined the job application process so it only takes a few minutes to apply for a job. We're offering referral bonuses and RN hiring incentives to fill positions in areas of greatest need. We're spreading the word about LVHN careers at national conferences. We're also forming a staff retention committee to ensure we're doing all we can to retain experienced staff. You can contact Laurie Moshier if you would like to participate.

What's on your mind: Staffing and reductions at LVH–Pocono

**Response:** There are no planned reductions for LVH–Pocono. Open positions will be evaluated based on the needs of our patients and our community.

What's on your mind: Campus integration at LVH-Schuylkill

**Response:** Phase II of the integration plan will include maternity and pediatrics moving to LVH–Schuylkill E. Norwegian Street. We also plan to close the ED at LVH–Schuylkill S. Jackson Street. Architectural plans for the new maternity unit are in development, as is a plan to address pediatric beds. We are pursuing a single hospital license with the Pennsylvania Department of Health.

We're working to create a great colleague and patient experience at LVHN. When we keep the lines of communication open and work together to solve problems, we can only get better.

I want to hear what's on your mind. Town Halls and PRIDE Rounding are great ways to get your questions or concerns addressed. You can also talk to your supervisor or leave me a comment here.

Jury an Capuano

About me: My name is Terry Capuano, RN, and I am the Executive Vice President and Chief Operating Officer at LVHN. I have worked at LVHN for more than 30 years and consider it an honor to serve as your COO. I greatly enjoy meeting colleagues, sharing stories and enhancing relationships throughout the health network. Learn More

Special Announcement: Future of Health Care in Hazleton

21 MAR, 2017

# New Lactation/Wellness Rooms Offer Private Space for Breastfeeding Moms and Others

BY SHEILA CABALLERO - JUNE 27, 2017

Last August we announced that LVHN has been on a journey to become a World Health Organization (WHO) Baby Friendly Hospital. We're doing that by educating moms about the health benefits of breastfeeding, respecting their choice to breast or bottle feed, and providing support throughout the breastfeeding journey. One way we're providing support to moms is by making lactation/wellness rooms available throughout the health network.

Our lactation/wellness rooms offer a comfortable space for colleagues and community members to breastfeed, pump breastmilk or bottle feed their infants. Individuals who need a private space to manage chronic conditions such as diabetes, can also use them.

#### Two new spaces at LVH-Cedar Crest

Our newest lactation/wellness spaces at LVH–Cedar Crest are located on the first floors of the Kasych Family Pavilion and Jaindl Family Pavilion. The rooms are available on a first-come, first-serve basis and accommodate one visitor at a time. They are open 24/7 and include a lock for privacy.

Both rooms offer comfortable seating, a sink, hand sanitizer and wipes for cleaning up, an electrical outlet and trash receptacle. In the future we'll add artwork, helping create a serene and aesthetically pleasing space for moms and their babies. These two rooms are in addition to an already existing semi-private lactation space located on the sixth floor of the Pool Pavilion.

## Creating a baby friendly and patient-centered experience

Providing lactation/wellness rooms is part of our philosophy of care. These special spaces have been incorporated into all our newest buildings including: the newly opened Family Health Pavilion at LVH–Muhlenberg, the Health Center at Palmer Township, the Health Center at Easton and LVHN–Madison Farms. We've also added more spaces for breastfeeding colleagues at LVHN–Mack Boulevard.

A complete list of all LVHN lactation/wellness rooms can be found here.

Volunteers Needed for Pennsylvania 400 NASCAR Race Weekend

## Volunteers Needed for Pennsylvania 400 NASCAR Race Weekend

BY TED WILLIAMS - JUNE 27, 2017

Volunteers are needed to help sell 50/50 raffle tickets throughout the main grandstand during the weekend of Pennsylvania 400 Monster Energy NASCAR Cup Series races at Pocono Raceway July 28-30.

All volunteers will be trained in using a hand-held computer device to complete the raffle ticket sales. The raffle is being conducted by the Mattioli Foundation for the benefit of Lehigh Valley Children's Hospital.

The shifts where volunteers are needed include:

- July 28, 1-5 p.m. (5 volunteers)
- July 29, noon-4 p.m. (30 volunteers)
- July 30, 11a.m.-5:30 p.m. (40 volunteers)

You can register online (keyword: Pocono) or call 888-402-LVHN. Feel free to sign up for more than one shift. Family, friends and children are welcome to volunteer with you as well. Be prepared to provide your name, guest(s) name(s), phone number and email address that will be used to send your shift confirmation letter.

Volunteers receive free admission to the race the day of their shift, free parking and a free T-shirt to be worn the day of their shift. Additionally, all volunteers can receive free tickets for family and friends.

Contact Kate Booth for family/friend ticket information or any questions related to volunteering.

LVHN is proud to continue our partnership with Pocono Raceway as a sponsor and as the official health care provider for its Monster Energy NASCAR Cup Series races. Our presence at these events is a wonderful collaboration that also benefits our health network. For a complete schedule of the daily activities taking place at the track, visit poconoraceway.com.

## Volunteer at Musikfest

BY SHEILA CABALLERO · JUNE 27, 2017

Do you have a passion for music, food and volunteering? Then downtown Bethlehem is the place for you from Aug. 4-13. LVHN is once again the official health care provider for Bethlehem's popular Musikfest. That means volunteers are needed to staff the four LVHN health tents. It's a chance to support LVHN's mission, hear some great music and have fun interacting with members of our community.

Both clinical and nonclinical colleagues are needed for shifts ranging from 2 ½ to 4 hours. Licensed colleagues (such as registered nurses, physicians and physician assistants) will be appropriately compensated. Everyone will receive a moisture-wicking LVHN T-shirt.

Signing up is easy. Simply <u>review the letter and schedule</u> to select your times, including your second and third choices, and then call 888-402-LVHN. For more information, read the 2017 <u>Musikfest Information guide</u>.

## Volunteers Wanted for SportsFest 2017 First Aid Tents

BY TED WILLIAMS - JULY 3, 2017

Lehigh Valley Health Network (LVHN) is the official provider for first aid services during SportsFest 2017, Allentown's annual sports festival which will be held July 13-16. SportsFest is one of the region's premier sporting tournaments, drawing 10,000 athletes in more than 50 sporting events. Clinical and non-clinical colleagues have the opportunity to be involved in this exciting event and are being sought to volunteer at first aid tents at Cedar Beach Park and Union Terrace.

Shifts will be scheduled in four-hour blocks. Volunteers will have parking available close to the tents and will be provided free food during their shifts. The first aid tents will be designated for spectators. LVHN athletic training staff will also be available onsite to treat athlete injuries. All clinical volunteers will be paid for their service.

If you're interested in volunteering for the first aid tents, please fill out our volunteer registration form. Questions can be directed to Dave Maxted, Director of Sports Medicine Programs at David.Maxted@lvhn.org. See SportsFest 2017 for more information about this year's festival.
