John Smulian, MD, MPH

Vice Chair, Department of OB/GYN
Chair, USF MCOM-LV A&P Committee

Objectives

- Describe the promotions process for faculty members
- Identify ways to optimize your academic credentials to facilitate academic promotion
Preface

“Our goal is to make obtaining academic appointments and promotions for all appropriate faculty as easy as possible, while adhering to the necessary institutional rules from USF MCOM and Lehigh Valley Health Network.”
'What's the use of their having names the Gnat said, 'if they won't answer to them?‘

'No use to them,' said Alice; 'but it's useful to the people who name them, I suppose. If not, why do things have names at all?‘

'I can't say,' the Gnat replied.

I bought a doughnut and they gave me a receipt for the doughnut... I don't need a receipt for the doughnut. I give you money and you give me the doughnut, end of transaction. We don't need to bring ink and paper into this. I can't imagine a scenario that I would have to prove that I bought a doughnut.

To some skeptical friend, 'Don't even act like I didn't get that doughnut, I've got the documentation right here... It's in my file at home. ...Under "D".'

If you need to invoke your academic pedigree or job title for people to believe what you say, then you need a better argument.
