Given a Substantial Lift.

From the Macungie Progress.

The Allentown Hospital project was given a substantial lift last week through the donation of a tract of land in the western part of the city by Mr. Henry Leb. The ground was accepted by the association. Now, with the ground and a fund of almost \$10,000, for a start, the work should no longer drag in the establishment of so necessary an institution. Much more money is needed and the citizens generally have been slow to taking up and supporting so good a cause.
