**THEY HAVE \$1300.**

The Women's Auxillary of the Hospital Association met yesterday and while there are some small sums of money outstanding, up to this time \$1300 have been realized from the fair held in the Lehigh Valley Hall.

They decided to place a new electric elevator in the hospital instead of the one there. This will be noiseless throughout.

The women will hold no further meetings during the summer excepting for sewing at the hospital Monday afternoon.

They will also build a five-foot cement walk along the Chew street side and will curb and build the gutter.
